eco nabuk

/ eco nubuk

l' Eco nabuk è un articolo sintetico con le stesse caratteristiche sia estetiche che tattili delle pelli conciate. Di effetto estremamente naturale ha una superficie morbida e vellutata simile al nabuk. Mantiene inalterata durata e qualità semplicemente con acqua e sapone.

It's a product made of innovative materials inspired by chrome-tanned leather, is a man-made product that reproduces the same aesthetic and tactile characteristics of the nubuk. Eco nubuk maintains its long-lasting beauty by simply using soap and water.

Pelli conciate al cromo, asciugate sottovuoto, rifinite con aniline e carteggiate manualmente ottenendo un effetto invecchiato. Particolarità di questo articolo è il connubio tra l’effetto “vintage” e un tatto vellutato.

Chrome-tanned leathers, dry vacuum leather finished with aniline and manually buffed obtaining a worn-look. A special combination between an old-fashioned vintage look and a superbly soft touch.
