Il sistema **Palo Alto** è basato su un fianco telaio portante in grado di creare cabine armadio di grande leggerezza formale. **Palo Alto** inoltre definisce composizioni armadio caratterizzate dagli interni "aperti", utilizzando le ante **Narcisse** battenti in vetro. In entrambe le situazioni il sistema è completato con l'attrezzatura interna dei sistemi **I-Box**.

The **Palo Alto** system is based on a aluminium side with self-bearing frame, able to create walk-in closets of great formal lightness. **Palo Alto** also defines wardrobe compositions characterized by "open" units, using the **Narcisse** doors in glass. In both situations the system is completed with the inner equipment of the **I-Box** system.
